Take the road less traveled on this tour showcasing the generally less visited south of Thailand — and reaching to the Malaysian border. Start off in Bangkok, where you can visit major sites and experience the flamboyant nightlife. Cross the river Kwai, where you'll see the infamous bridge. Continue southward through the captivating districts of Phetchaburi, Chumphon, Surat, Thani and Songkhla. Visit national parks, elephant trails and mountain ranges. Take home a distinctly different view of Thailand.
